SUNCOAST WORKFORCE BOARD HIRES NEW CONSTRUCTION TECHNOLOGY CAREERS COORDINATOR

Kristey N. Richardson joins Staff to Coordinate Preapprenticeship Program

The Suncoast Workforce Board is pleased to announce that Kristey N. Richardson has been hired to coordinate the Construction Technology Careers (CTC) Initiative.

CTC is a unique and growing partnership among the area construction industry, the School Boards of Manatee and Sarasota Counties and the Suncoast Workforce Board.

“I am very encouraged that Kristey Richardson will lead CTC to success,” said Mary Helen Kress, Executive Director of the Suncoast Workforce Board, “Kristey brings experience in program management and marketing.”

CTC is a **Preapprentice Program** supported by the construction industry to increase the number of skilled workers in the construction trades. By choosing a preapprentice program, students may build their skills, meet valuable contacts in the business world and earn high school, trade school and/or community college credits. CTC maximizes the skills learned in high school.
